- i. Ensure ([] Enable GST) is ticked and enabled.
- ii. [Effective Date] is defaulted at 01/04/2015 and cannot go beyond this date.
- iii. Set the [Filing Frequency] as approved by Kastam when Customer registered as Tax Person.
- iv. [Default Compound Tax for Stock] should only be marked if the user Stock Items are mostly set to this option.
- During upgrading, new default GST Account Codes and Tax Codes will be added. In new database, by default new GST Account Codes and Tax Codes is available and old ones are removed.
- vii. Tax Codes cannot be edited but can be removed, provided there are no transactions using the Tax Code. It is not advisable to delete defaulted Tax Code as it is set to conform with Kastam Codes.
- viii. Ensure that all the default Sales and Purchase Tax account codes and also the Tax Code are set. System default GST settings are based on the standard requirements.

Disclaimer:

2. Delete Old existing Tax Codes

It is recommended to remove old existing Tax Codes.
